Today approx 12:30 PM, Nov 22, 1963, I was standing on the front steps of 411 Elm watching the president in the parade. The president's car was about half-way from Houston Street to the Triple Underpass when I heard what sounded like three shots. I couldn't tell where they were coming from. I ran across the street to the corner of the park & ran into a girl crying & she said the President had been shot. This girl's name is Gloria Calvery who is a employee of this same building. I went back to the building & went inside & called my wife & told her what happened. I was on the first floor then I stayed at the elevator & was told not to let anyone out of the elevator. I left the elevator & went with the police on up to the other floors. I left Jack Hougherty in charge of the elevator

Shelly w/
Approx. Oct 10th 1963,
a man by the name of Lee Oswald w/m/31, came to work
where I do. I was put in charge of him by Mr. Truly
to show him what to do. I have been working close with
this man since he has been there. This man stayed by
himself most of the time & would go for a walk at
noon time. Lee would bring his lunch & usually eat
with us in the lounge & read the paper. He would usually
read about politics. Today I arrived for work about
8 AM, & went about my usual duties. Lee was already
filling some orders just outside my office. I saw him
periodically all morning with the exception of when we were
on the sixth floor. At noon I started eating my lunch in
my office & I went outside to see the president after the
president's accident, I started checking around & I missed
Lee. I ask Mr. Truly about him & he told me he
had not seen him. I didn't see Lee until the
Police brought him in to the Police
Homicide Bureau.
